

Total Ft<sup>2</sup> of Building:  
47433.1

Editor's Note:  
The placement of Emergency Exits as pictured responds to an imagined standalone structure for the sake of concept, but could easily be adjusted to meet whichever scenario is needed.

The basis of design for all of AlienNation hinges on the notion of spacial flexibility so as to fit within any parameters; knowing that the physical requirements for gameplay can be adjusted on a spectrum without depriving the core tenets of the game.
