

Blooper's Film Co.

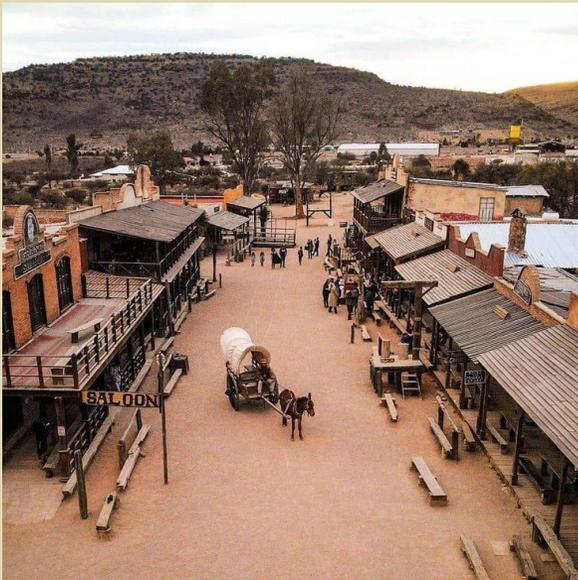

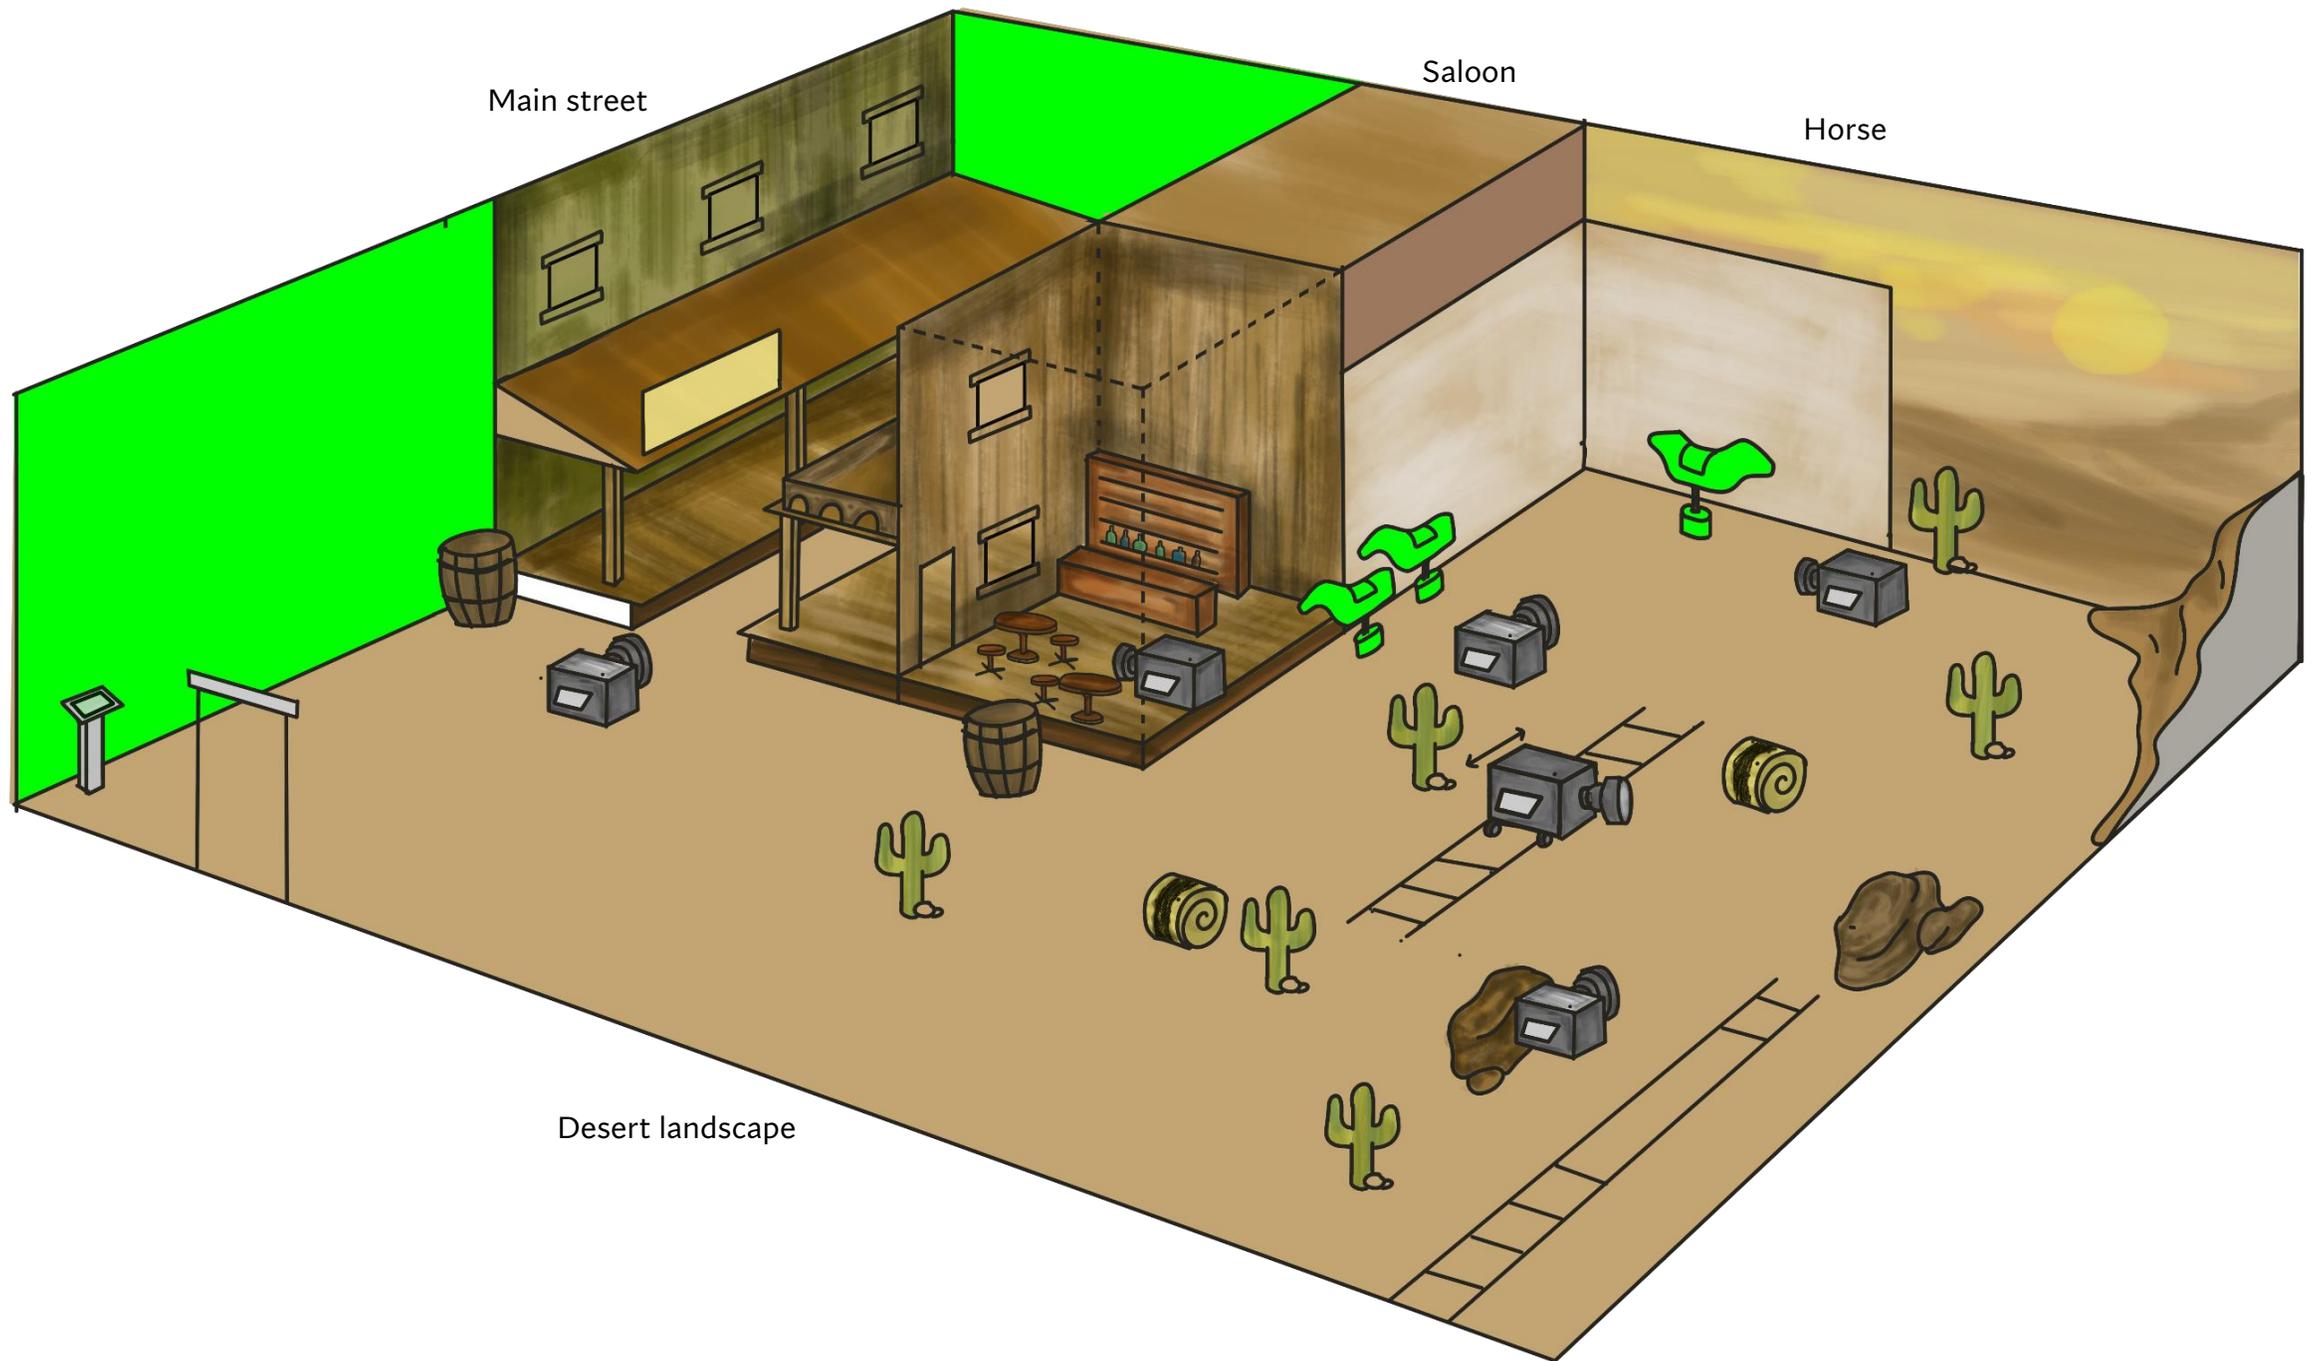

Introducing the studios

Studio 1: Wild West

Studio 1 offers guests the opportunity to be immersed in the untamed world of the Wild West. They will find themselves in a dusty frontier town, with wooden buildings on the main street and a saloon as the main attraction of the town. The guests can experience riding horses and be fully part of the adventure. The background of a desert landscape offers more flexible shots with cacti and tumbleweeds scattered across the arid ground.

Available costumes and accessories: Cowboy outfit, guns, sheriff outfit, whip

Studio 2: Lost in Space

Studio 2 throws the guests into the depth of space where they can feature in their favorite sci-fi movies. They can walk on the moon or float in space by the space station. They can be part of a crisis in the control room of a spaceship and have an epic space battle. The best part of all is, that they can feel the low gravity thanks to the harness system.

Available costumes and accessories: Green tracking suit, astronaut costume, laser weapons

Studio 3: Imaginarium

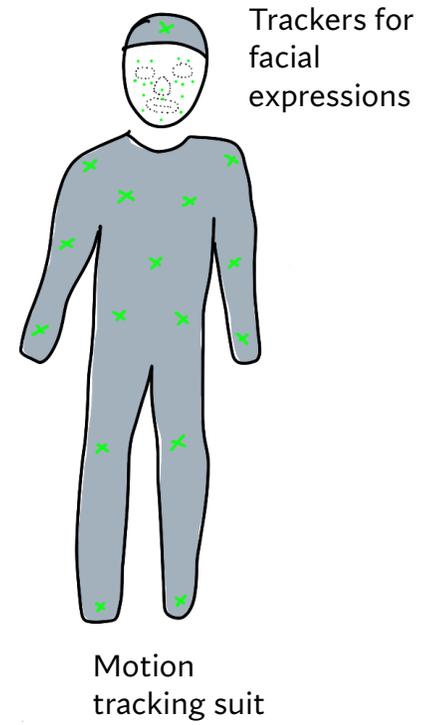

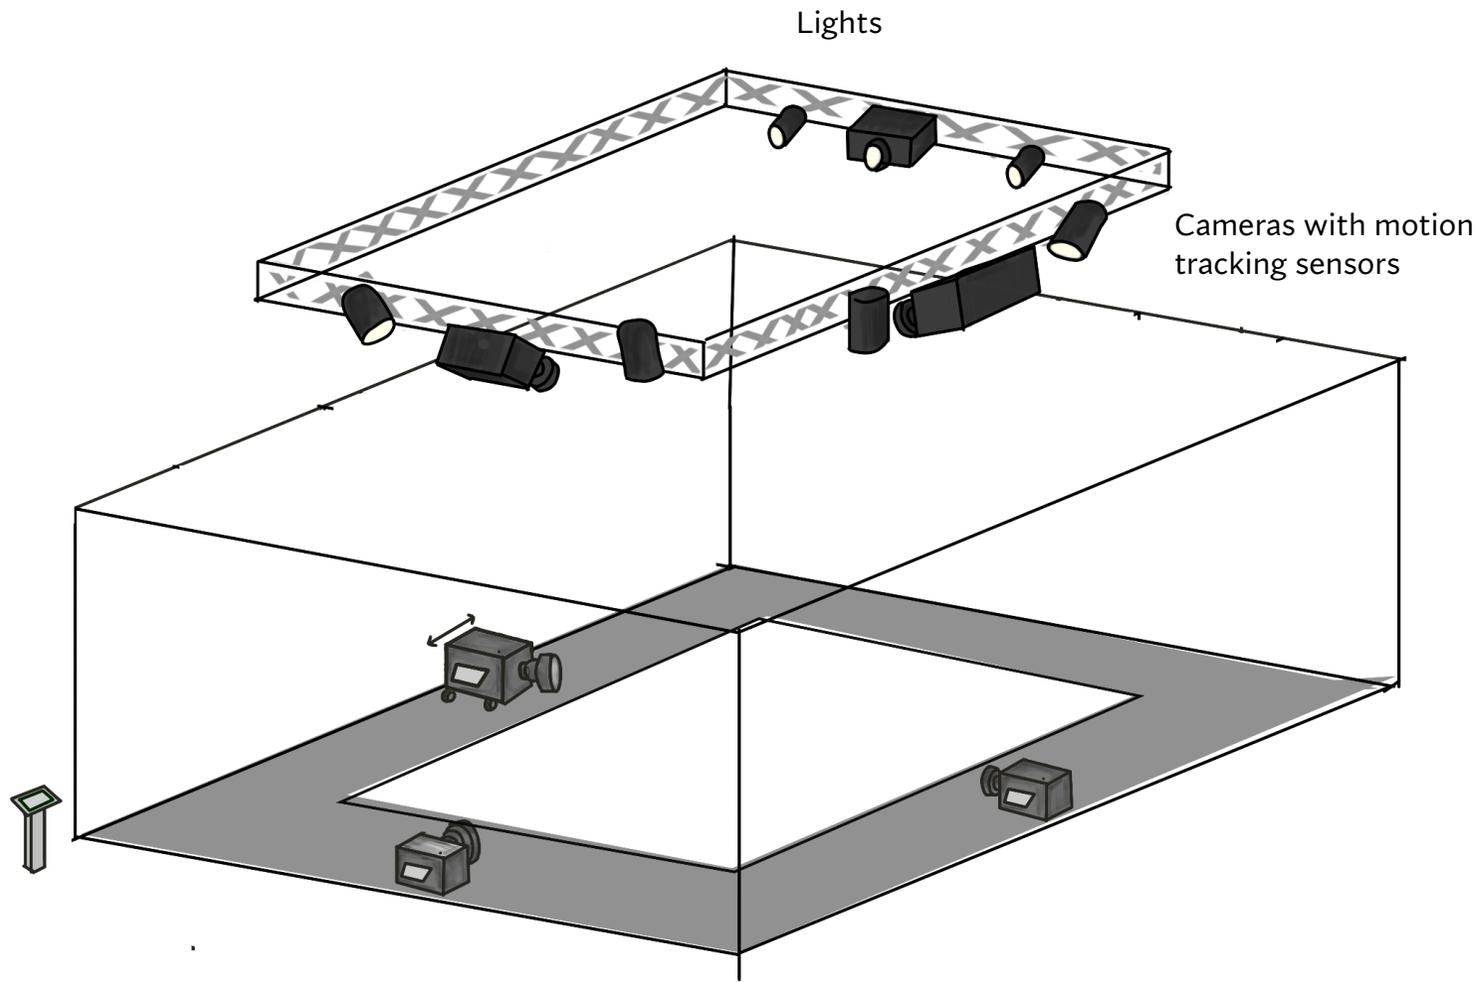

Studio 3 offers guests to dive into an animation movie. They can become a 2D cartoon, Japanese anime, building block and stick figures characters and also animals in the world of animation. The tracksuit and trackers for the face capture the guests' movements and translate them into the movements of the animated figure.

Available costumes and accessories: Motion tracking suit

Studio 4: Seascape

Studio 4 hosts welcomes guests to various sea life adventures. They can shoot an iconic scene on the deck of a marvellous ship, operate a submarine, have a dramatic moment at the harbor, sail through the ocean, or be stuck on an island. The variety of shots is as wide as the oceans. The ship has a lift to ensure the accessibility to its deck for all the guests.

Available costumes and accessories: Navy uniform, fishing net, bandana, sunglasses

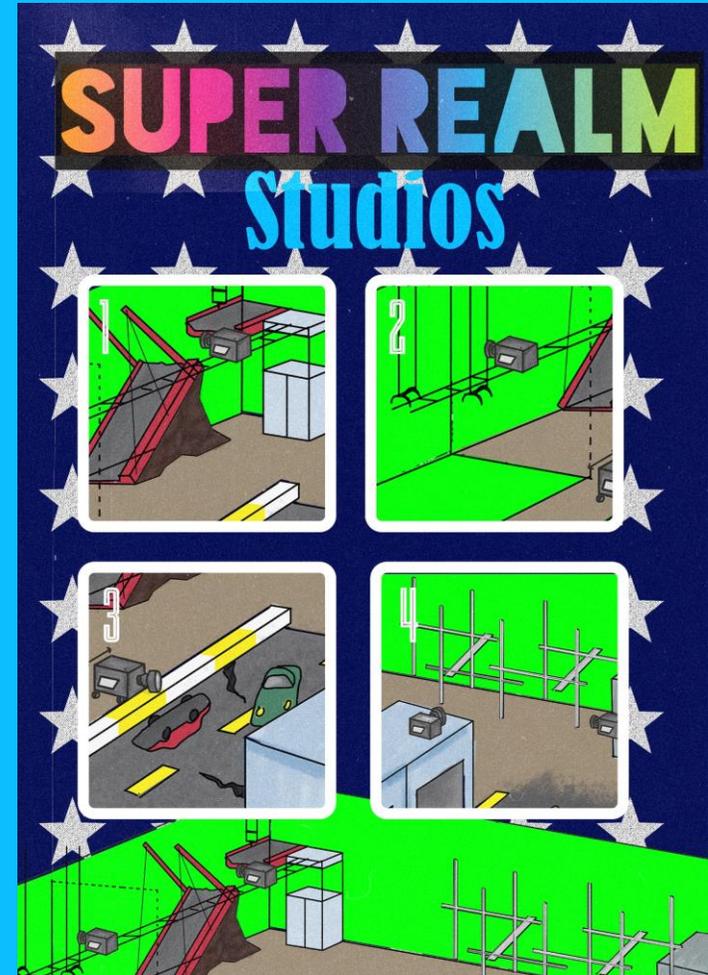

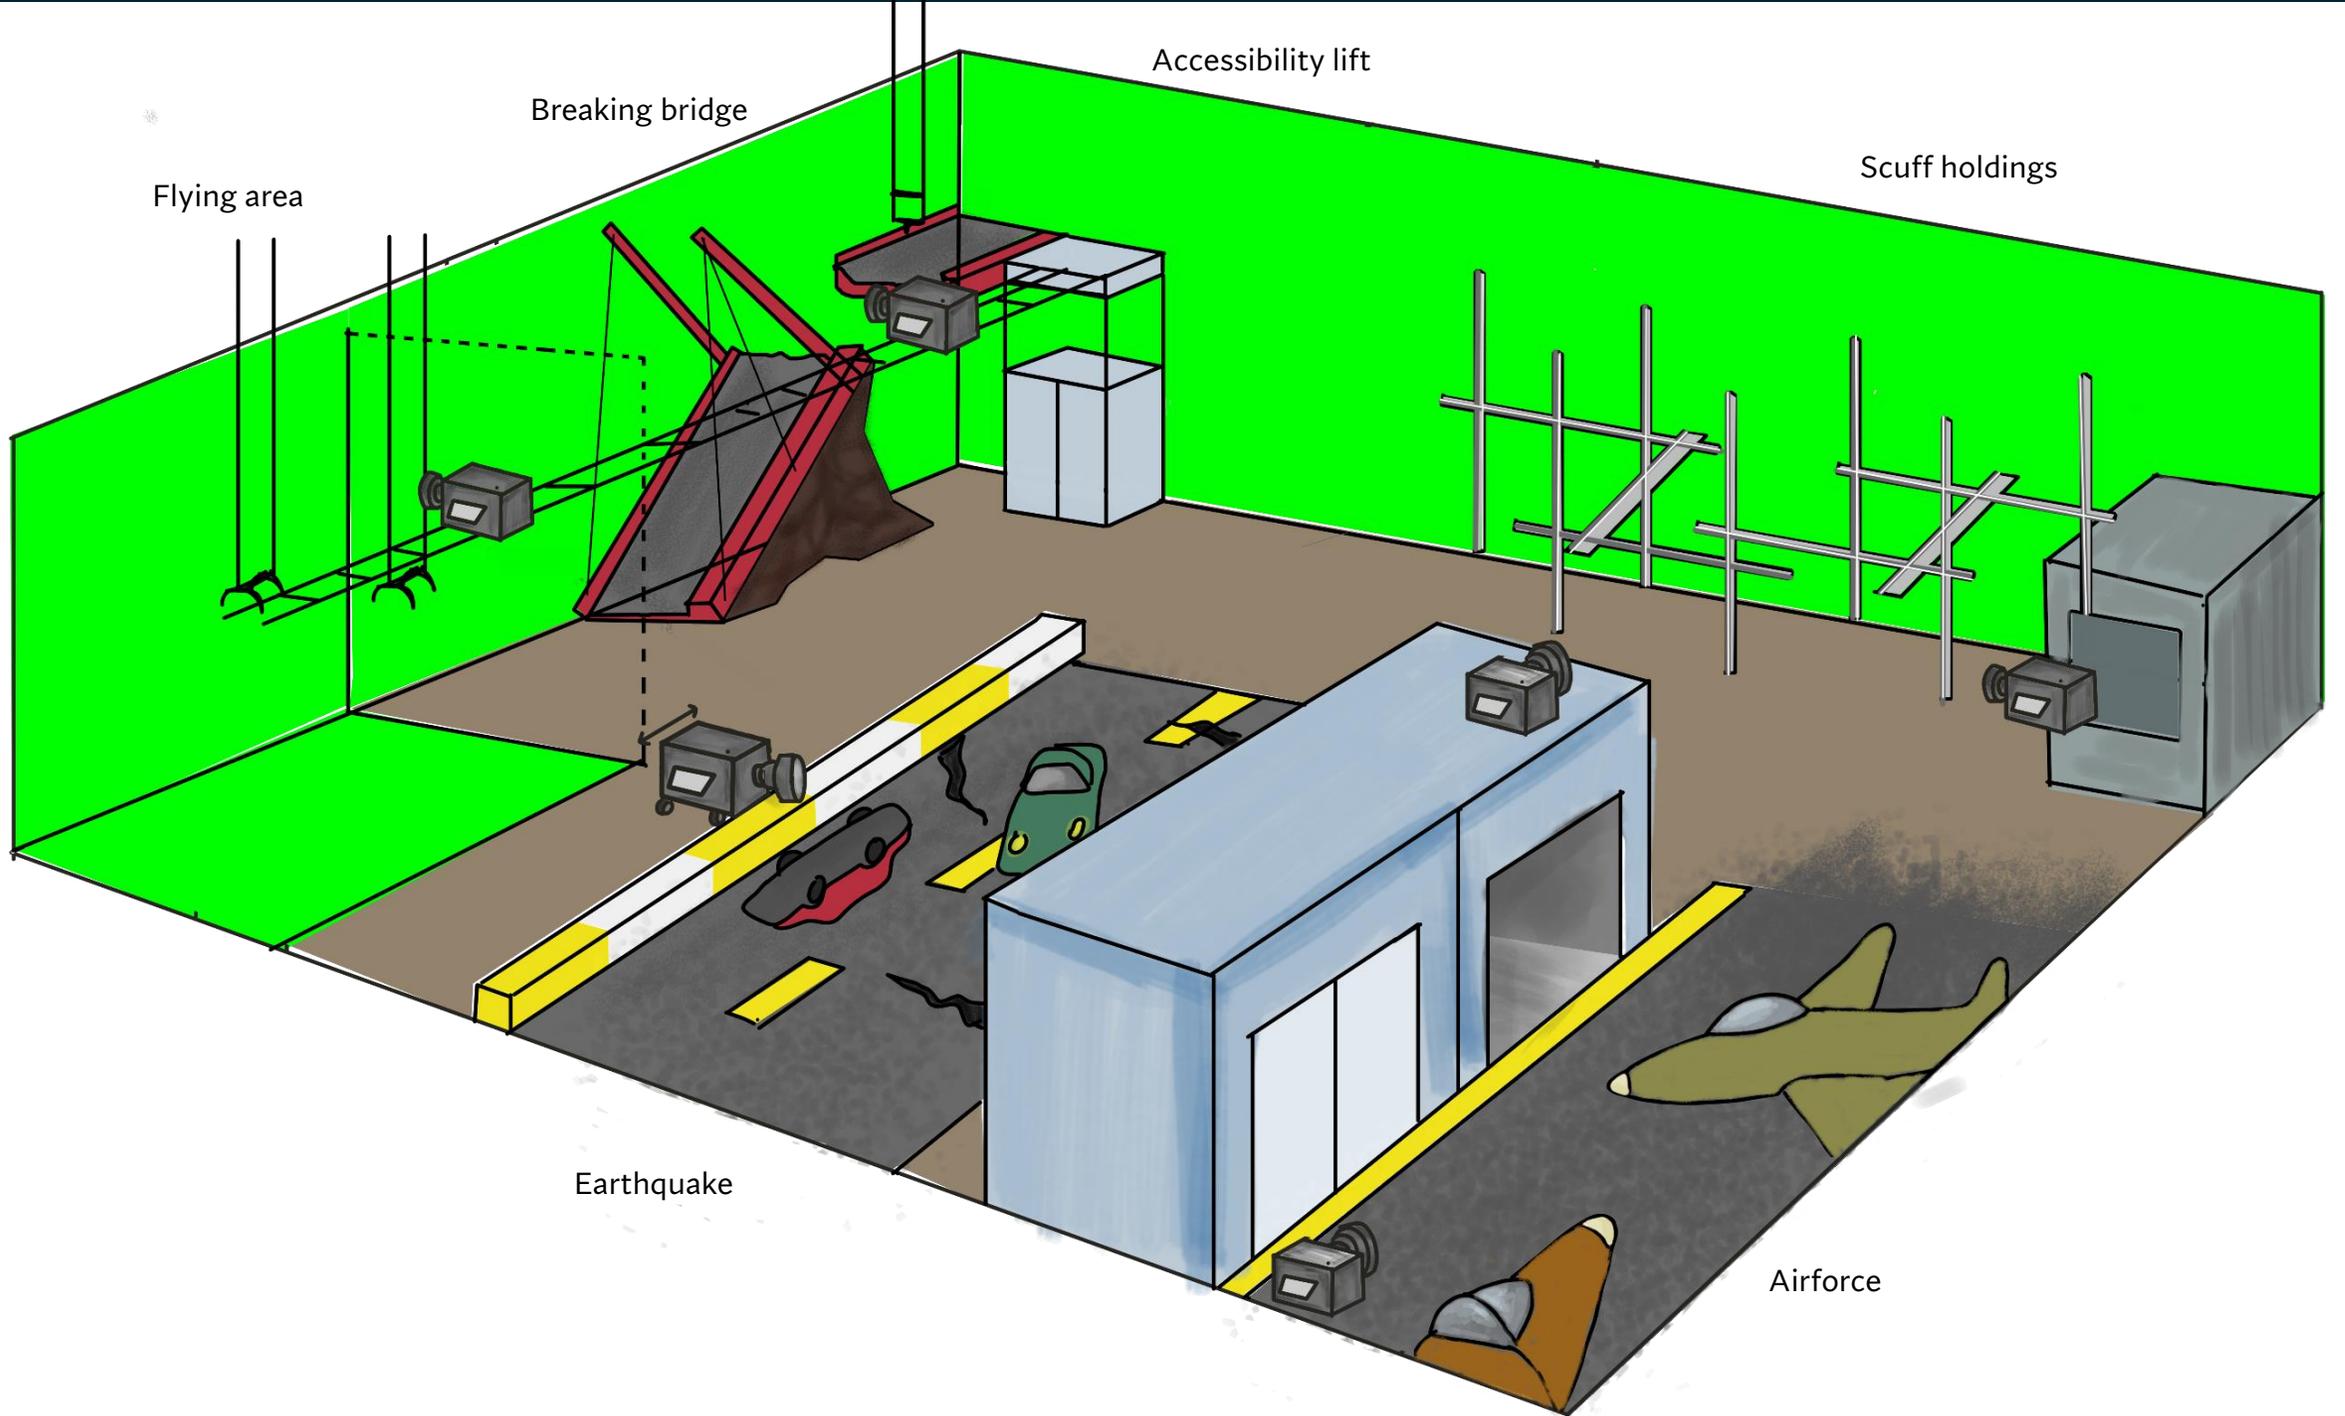

Studio 5: Super Realm

Studio 5 is all about extreme situations. The guests can fly through the skies to save the innocent people of the city from the evil villain. They can be the hero of their very own movie. They can ease the chaos on the highway during an earthquake, save people from a breaking bridge, fly to their next mission. They can shoot an epic scene at the air force base or climb on scuff holdings. As the bridge is located at a higher spot, a lift is available to ensure accessibility.
