

Dungeon Journey

Concept:

Dungeon Journey is a unique RPG-Themed Fantasy Dungeon Crawler Experience.

Overview: Embark on an immersive RPG-themed fantasy dungeon crawler adventure where players solve intricate puzzles and challenges while exploring through various themed floors of a magical dungeon. The ultimate goal is to reach the bottom floor, where they can claim their title as a hero. Setting: The experience is structured across five distinct floors, each with its own unique theme and atmosphere, creating an enchanting medieval environment filled with diverse characters and engaging gameplay elements.

Guest Experience Journey - Welcome to the Adventure!

Guests begin their enchanting experience on the 1st floor, immersed in a captivating fantasy-themed setting. After checking in and collecting their tickets at the front desk, they will make their way to the energy-saving LED-lit elevator, which will whisk them up to their first destination.

Upon arriving at the top of the experience, the 5th floor, guests will embark on an exciting journey. Here, they must solve riddles posed by the talking tree to obtain their first-floor key. While on this floor, guests can also indulge in some unique shopping at the Elf Corner Artist Alley, where exclusive artwork awaits. For those feeling hungry, there's a medieval-inspired restaurant offering a taste of history with dishes like chicken pie, rotisserie chicken, and many more delicious options.

After securing the first key, guests will proceed to the 4th floor, named the Celestial Floor. As they enter, they will encounter the Star Maze, where they must solve intricate puzzles to find the celestial key. Guests are encouraged to think creatively as they gather clues and collectibles throughout the maze. Once they conquer the maze, they can either continue their adventure or take a well-deserved break in the Lounge Area. Here, they can enjoy a ride on the carousel or explore the rest of the floor. Guests can take a leisurely stroll through the Unicorn Garden, where they'll be enchanted by the magical scenery. Additionally, they can learn about the wonders of stars, space, and constellations in the Observatory. The Celestial Floor offers numerous scenic experiences, including a Gem Collections Walk-through and the stunning Crystal Bridge.

As guests enter the 3rd floor, they are greeted by the sight of a shipwreck, setting the stage for an underwater adventure. Guests proceed into the Jellyfish Room, where mesmerizing projections of jellyfish dance across the walls and floor, creating an immersive underwater atmosphere. Next, guests enter the Musical Shells room, where they must connect a story told by the shells in the correct order to unlock their first clue. This clue will guide them to the next challenge. With the first clue in hand, guests move on to the Potion-Making Room, where they will gather ingredients and create a magical potion. After their potion-making adventure, guests can relax in the Lounge Area. Here, they have the option to enjoy a mermaid concert for a delightful break. The next room is the Ship Race, an exciting game projected on the walls. Guests must steer their ship to safety to earn a special reward. Following the ship race, guests dive into an interactive Underwater Blaster Game where they use laser blasters to defeat a giant Sea Kraken projected onto the wall. Once victorious, they are rewarded with the nautical key. As they exit the Nautical Floor, they say farewell to the kraken animatronic, adding a memorable touch to their adventure.

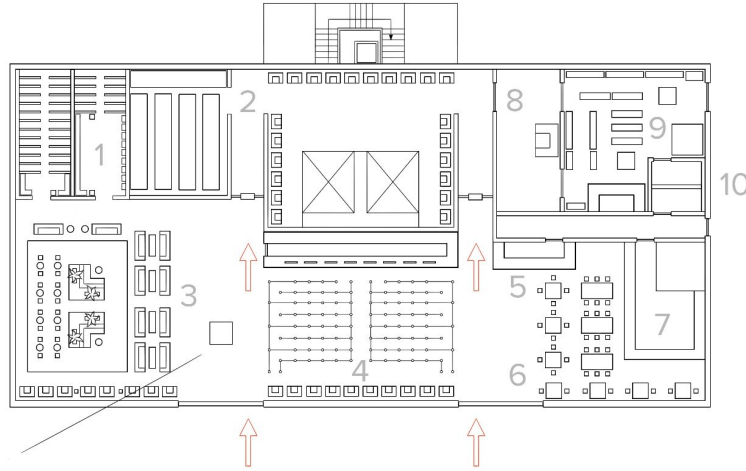

Next, guests cross a bridge into the Dragon Lair on the 2nd floor, where their first challenge awaits among the ruins. Guests must rearrange the ruins in a specific pattern to uncover their first clue. Using their first clue, they will then solve the puzzle of the Gargoyle Statues, placing them in the correct order. After this challenge, guests can take a break in the Lounge, where they can converse with enchanted paintings that reveal the secrets of dragons or choose to move on to the next area. In the following room, guests face a Chess Match that they must win to receive their next clue. With the clue in hand, guests must navigate a room filled with traps by stepping only on green tiles. Any wrong step on a red tile will reset their progress. Successfully completing this challenge grants them their final clue! Finally, guests must find the correct amount of treasure to present to the dragon in order to receive the next key. After conquering the challenges of the Dragon Lair, they will have earned their reward.

Upon completing their journey through all the floors, guests return to the first floor for the grand finale. After presenting all their keys, they are celebrated in an Honorary Knight Ceremony held in the Throne Room. After the ceremony, guests can explore the Gift Shop and enjoy themed desserts and drinks at the Café, each inspired by the different floors of their adventure. To commemorate their experience, guests can also take a photo with the mascot, the adventurer Kobold.

With each floor, guests are invited to immerse themselves in a world of fantasy, exploration, and creativity. Get ready for an unforgettable adventure!
