WHY THE WONDER?

OUR EXPERIENCES ARE...

I M M E R S I V E

360° experiences are the way of the future! As an attendee, you are surrounded by the sets, sounds, and actors as if you're living in a dream world.

I N T E R A C T I V E

The performers will pull you into the story and involve you in the narrative. As you wander freely you can choose-your-own-adventure: go on quests, solve puzzles, or see an interactive show on the main stage!

I M P A C T F U L

A night at The Wonder will leave you with a big smile and everlasting memories. The adventures you had and the special moments you experienced will be for the books, we ensure it!

AUDIENCE PARTICIPATION

When you attend an experience at The Wonder, you're encouraged to dress up and participate fully in the theme!

For example, if the experience took place in Ancient Greece among the Gods and Goddesses, the audience could be regular "time travelers", but we would encourage them to don a toga and play along! The more participation in the event, the more they will get out each experience.

(Though it isn't required to enjoy your time!)

Moonhollow Mall

MID 1980'S SMALL TOWN AMERICA MYSTERY/CAMPY THRILLER

Moonhollow just a MALL! Totally rad, right? They got a record store, a slamming nightclub, *and* an arcade! Not to mention the latest fashions. It would be cool, though, if everybody wasn't wiggin' out...the people of Moonhollow have been acting weirder than ever. Creepin' around all wide-eyed...stompin' around slow like zombies. Must be some Halloween prank. I even heard a rumor that someone saw Dwayne Davis with blue goo dripping' from his eye sockets! Grody to the max, huh? Anyways, let's grab a slice at AstroPizza, yeah? Heard they're carrying that new glow-in-the-dark soda! Ace!
